

Alexis Papa has been performing since she was 8 years old. She has performed in 5 musicals, but her real love is directing. Alexis has been an assistant teacher for 4 years with Studio Performance and has been a staff member of Music That's Mine's performing arts summer camp for the last 5 years! This year as a senior at Godwin High School, she is proud to have been selected to be the student director for the select choir, Acapella. Alexis is very excited to be teaching two classes this fall for Studio Performance Academy!
