Thanks to Ellen's personal instruction, my 3 children have become confident, successful performers, which has affected them positively in all areas of their lives. Ellen has enthusiasm, knowledge, and she knows how to bring out the best in each individual! --Susan Ciszak

Ellen became my vocal coach about a year ago, and I have learned so much about my voice and what it takes to create an awesome performance. With Ellen's help, I have been cast as a lead role in several shows. Ellen's coaching helps me feel mentally confident, too. She truly cares about my success! --Kaylin Mercer, 16
